We're on the Move Across the West

We've been on the move across the West, talking to customers at events, including CETPA in Anaheim this month, and MISAC and the San Jose Tech Conference in October.

We'll keep you posted on upcoming events!

Customer Spotlight: The San Jose Convention Center Improves Communications to Deliver Better Customer Service

In the hospitality business, nothing is more important than communications. Find out why the team at the convention center chose Packet Fusion to help them deliver better customer service.

"Packet Fusion made the whole process easy, from choosing the right technology, to installing everything and quickly training the team."

Narith Keo, IT Project Manager, Team San Jose

Are You Ready for Kari's Law and NG911?

You may have heard of Kari's Law, which requires users of multi-line phone systems in commercial facilities to be able to dial 9-1-1 directly without having to dial a prefix to reach an outside line.
