ABOUT SADA SYSTEMS

SADA is a privately-held global leader in providing business and technology consulting services that transform organizations through innovative cloud-based solutions, and has proven expertise in enterprise consulting, cloud platform migration and deployment, custom application development, managed services, user adoption and change management.

SADA is a Google Cloud Premier Partner and has been named Global Partner of the Year in 2018, North America Sales Partner of the Year in 2017, Americas Google Partner of the Year for GCP in 2016, and Global Partner of the Year for Google Maps in 2013, 2014, 2015, and 2016.

A FEW OF OUR CLIENTS

We were encouraged by the positive responses from employees when we announced we were going Google. Working with Google and SADA in one weekend in November, we took 23,000 users live, and a total of 28,000 users live globally, within six months.
